

The Mid Atlantic Region Environmental Professionals Association presents:

TMDL for the Chesapeake Watershed

What You Need to Know Straight from the Experts

June 10th, 2011, 8:00 am to 4:45 pm

The new TMDL will impact multiple aspects of environmental cleanup and management: stormwater, wetlands, agricultural use, wastewater, REITS, cross-county waterways, etc. Be ready for these changes!

Learn from technical and regulatory experts throughout Maryland, DC, and Virginia about the new TMDL and its practical application to our environmental cleanup and management activities. **See page 2 for details of the complete program.**

Location

The Universities at Shady Grove
9630 Gudelsky Drive
Rockville, MD 20850

Brought to you by the
Mid Atlantic Region Environmental
Professionals Association
